Protective Case for Netztester 2

TECHNICAL DATA SHEET

Description:

The protective case made of rubber-like TPE suitable for all Netztester 2 variants and protects the device from damage and dirt. The sturdy plastic belt clip allows to attach the Netztester 2 to the belt so it is "always with you". A magnetic holder is also integrated into the clip, which allows you to position the Netztester 2 on the meter cabinet - so you always have your hands free.
