DIN Rail Cable Clip

TECHNICAL DATA SHEET
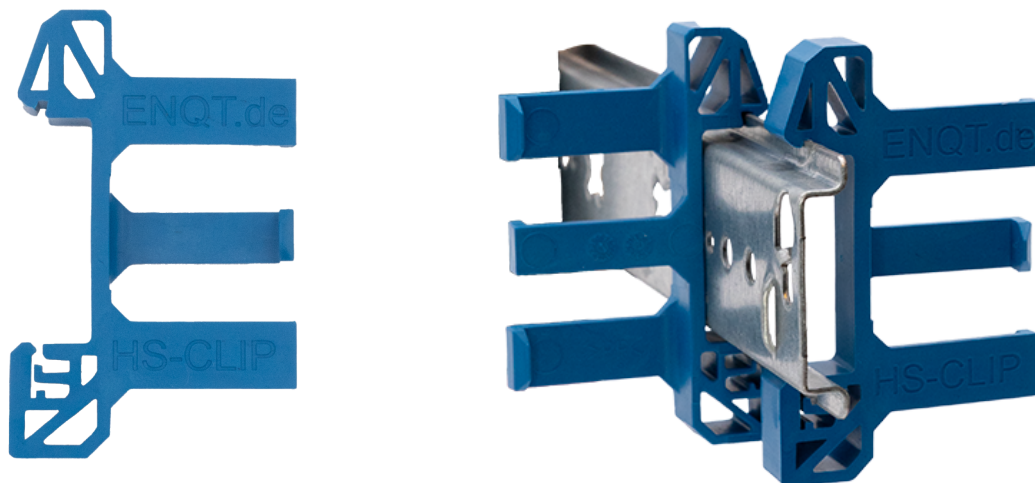

Description:

The ENQT DIN rail cable clip enables neat cable routing in the meter cabinet and on meters with integrated DIN rail. The wide clamp allows different cable diameters to be stowed safely. This allows to route power cables, antenna cables, Ethernet and LMN cables neatly. The ENQT cable clip ensures a tidy installation and fewer errors due to trapped cables. The cable holder can be clamped onto both the front and rear of the DIN rail, allowing cables to be routed in front of and behind of the DIN rail.

Technical details:

Part number	HS-CLIP
Dimensions	60 x 9 x 38 mm
Weight	7g
Country of origin	People's Republic of China
HS Code	39259020
Mounting type	DIN rail mounting (can be mounted on the front or rear of rail) tool-free installation and removal
Material	Plastic (PP)
Color	blue
Temperature range	–40 °C to +85 °C
Flammability	flame-retardant in accordance with UL 94 V-0
