Description:

The **pull-in aid for antenna cables** in metering cabinets simplifies the routing of antenna cables in the cabinet significantly while reducing working time and the risk of injury.

The pull-in aid is suitable for all antenna cables with FAKRA connectors and allows antenna cables to be routed even in tight and hard-to-reach places. Using the pull-in aid protects the antenna cable, greatly reducing the risk of damage, costly repairs, and downtime.

A video available at <https://enqt.de/en/support/video-tutorials/> shows how to use the cable pull-in aid.

datasheet.technical_details:

Part number	00858
Weight	75g
Country of origin	Germany
HS Code	82054000
Color	green, black
Compatibility	Cables with FAKRA connector (all keying codes)
Material	Nylon
Conductivity	electrically non-conducting
Length	150 cm
Storage temperature	-30 °C to +70 °C
